SUMMARY

React/Next.js/Mern Developer skilled in **SaaS, AI, real-time systems**, and modern stacks including **TypeScript, Redux, Zustand, TanStack, Tailwind, Node.js, Socket.io** 🌐 .

EXPERIENCE

Full Stack Developer — VizWebb

Dec 2024 – Present

- Developed **enterprise dashboards & admin panels** using **Next.js, React, TypeScript, Redux Toolkit, Zustand, TanStack Query, Tailwind**, with advanced UI features (Splide sliders, auto-scroll lists, interactive maps, analytics charts).
- Built scalable **Node.js/Express APIs** with auth, RBAC, file handling, QuickBooks, Stripe, Twilio SMS, Cloudinary media pipeline, SSR optimization, caching, lazy loading & reusable UI architecture.
- Worked with **Git push/pull + basic branching**, participated in sprint planning & code reviews, and contributed to deployments using **PM2 & Linux environments**.

MERN Stack Developer — Azlaan Technologies

Jan 2022 – Dec 2024 | Rawalpindi

- Delivered multiple **full-stack platforms** using React, Next.js, Node.js, Express & MongoDB, including custom software, dashboards, and e-commerce apps.
- Built **secure authentication systems** (JWT, Passport.js, 2FA), automated documents (TinyMCE, Quill, Puppeteer, Foxit), and optimized media pipelines (Cloudinary).
- Developed **real-time trip tracking & dashboards** with Socket.io 🌐 , and engineered scalable REST APIs with middleware validation, caching & logging.

EDUCATION

Arid Agriculture University,Rawalpindi
MCS

08/2016 – 11/2018
Rawalpindi,Pakistan

PROJECTS

BizAI

AI Content & Media Automation Platform

- AI-powered **content, image, and short video generation**.
- Python-based AI engines exposed to the frontend via **REST APIs**.
- Dashboard with templates, scheduling, and campaign tracking.
- Social media sharing + account linking for auto-posting.
- Integrated **subscription & payment system**.

Sponsor

Event Management & Sponsorship Platform

- Event creation and participant registration workflow
- Ticketing, announcements & notifications.
- **Stripe payments** with confirmation receipts.

Noru

Ride Booking & Dispatch (Uber-Like System)

Ride-hailing system supporting driver assignment and live updates.

- Trip scheduling ,dashboards and driver matching.
- Driver payout and trip logs dashboard.

JobRio

Management system for coordinating hourly or trip-based driver jobs.

- Multi-role panel for Operators, Drivers, and Admin.
- Trip creation, task assignment, tracking history.
- Real-time map trip tracking and job workflow states.

Gateway

Flight + Medical Travel Coordination System

Hybrid system for coordinating ground medical rides with air travel.

- Scheduling for flights + transport vehicles in one itinerary.
- Live tracking and medical team notification workflow.
- Automated routing + trip breakdown reports.

Famiglia

Online Doctor Consultation Platform

Telemedicine system enabling patients to connect with doctors.

- Appointment booking and secure medical consultations.
- Document upload & prescription sharing.
- Role-based dashboards for doctors & patients

Risk Management System

Electricity Distribution & Risk Control Platform

- Built an **enterprise-level electricity risk monitoring system** with real-time grid, feeder, and transformer data; anomaly detection; and predictive analytics for overload & outage prevention.
- Developed a **live dashboard**, automated **alerts (SMS/Email/Push)**, incident workflow, risk scoring, and data-driven maintenance tools with secure RBAC and audit logging.
- Integrated **predictive models**, optimized API workflows, and reduced technical losses through live monitoring and actionable analytics.

Gym AI Platform — Admin & User Dashboards

- Built **dual dashboards** with separate layouting and flows.
- Features: Referral tracking via **ReactFlow**, CRUD, Auth, Management Systems.

Daily Block — Full-Stack Crypto SaaS (Next.js + TS + Backend)

A complete **front + backend** platform built for crypto workflows.

🔥 Features:

- **Admin Panel ,User Panel ,Landing Page**
- **Coin Listing System (Admin Approval)**
- **Crypto Workflows & Management**
